We do not need to remind you how bad the situation in our country is and how much our people are suffering. Given the dire situation, it is incumbent upon all of us to do what we can to save our people and our country.

As has been extensively discussed by the Global Initiative to Empower Grassroots Movement (GI) for over a year, (See the website: <http://www.snitna.com/gieegm/gieegm.html>) Eritreans world-wide are being urged to elect local, country-wide, regional and global leaders. This process will culminate in the election of Global Leaders who will be charged with the responsibility to prepare an effective strategy to bring about fundamental changes in our country in collaboration with Eritrean opposition groups and forces of change inside the country.

Please spread the word. The meeting will start on time. The meeting will be conducted in Tigrigna, Arabic and other Eritrean languages as deemed necessary. We will appreciate your punctuality.
